Installation and Deployment of the Intradyn Email Archiver for Microsoft Hyper-V Platform

This document will provide the deployment steps for the Intradyn customer for installation of the **Intradyn Email Archiver for the Microsoft Hyper-V platform**.

Important Information

Please review **BEFORE** starting the installation of Email Archiver for Microsoft Hyper-V platform.

Required disk space for Compressed Email Archiver Virtual Machine Image:

- The email archiver image zip (compressed) file is approximately 2 GB.
- The extracted image is approximately 16 GB
- Please select a server which has 20 GB of free space and is accessible from your MS Hyper-V environment

Model	Compressed Size	Uncompressed Size
IA10-HV-500-6.1x	1.45 GB	16 GB
IA10-HV-1000-6.1x	1.45 GB	24 GB
IA10-HV-2000-6.1x	1.47 GB	48 GB
IA10-HV-4000-6.1x	1.52 GB	84 GB
IA10-HV-6000-6.1x	1.55 GB	110 GB
IA10-HV-8000-6.1x	1.65 GB	160 GB

Step 1

Copy the compressed file to a local folder that is accessible to the Hyper-V system.

Name	Date modified	Type	Size
 IA10-HV-0500-6.12	3/14/2023 8:19 AM	Compressed (zipp...	1,445,686 KB

Step 2

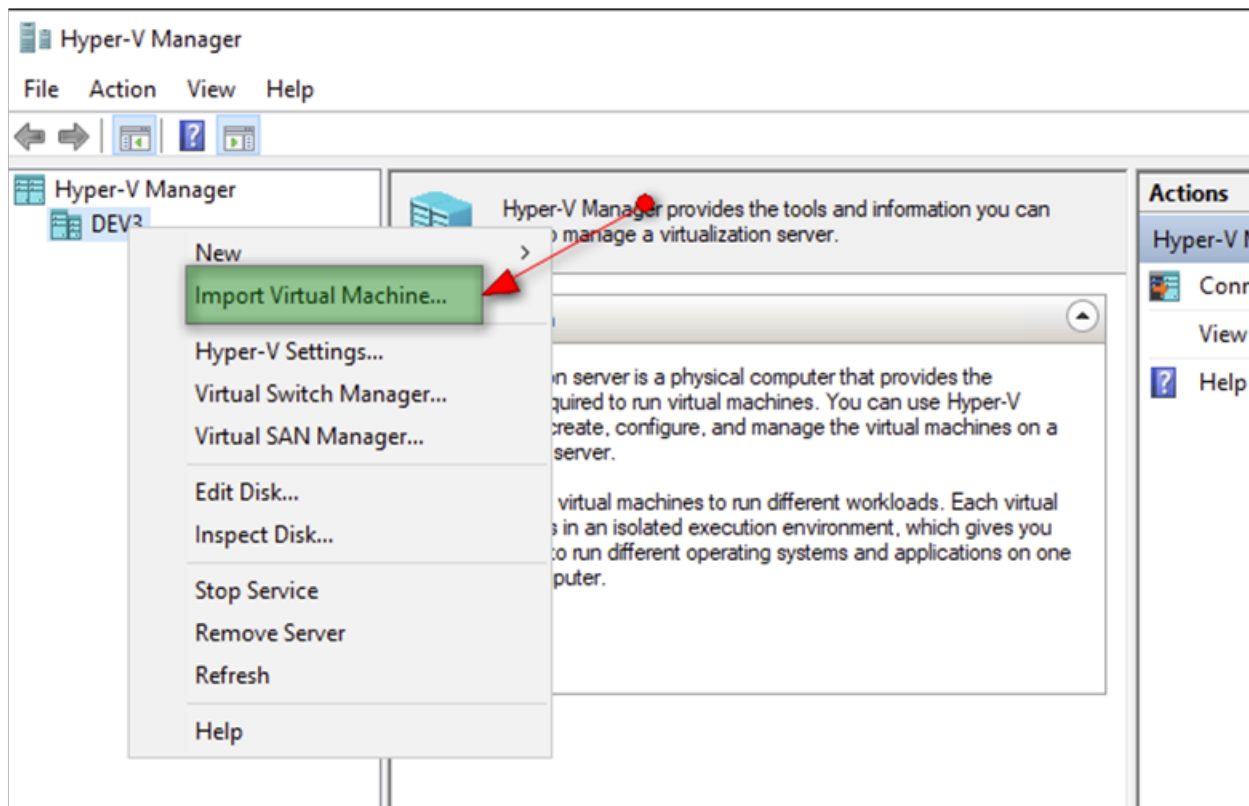

Uncompress the file. Please see the table on page 1 for the uncompressed size by models.

Name	Date modified	Type	Size
 IA10-HV-0500-6.12	3/14/2023 8:52 AM	Hard Disk Image F...	15,343,616 KB

Continue to next page

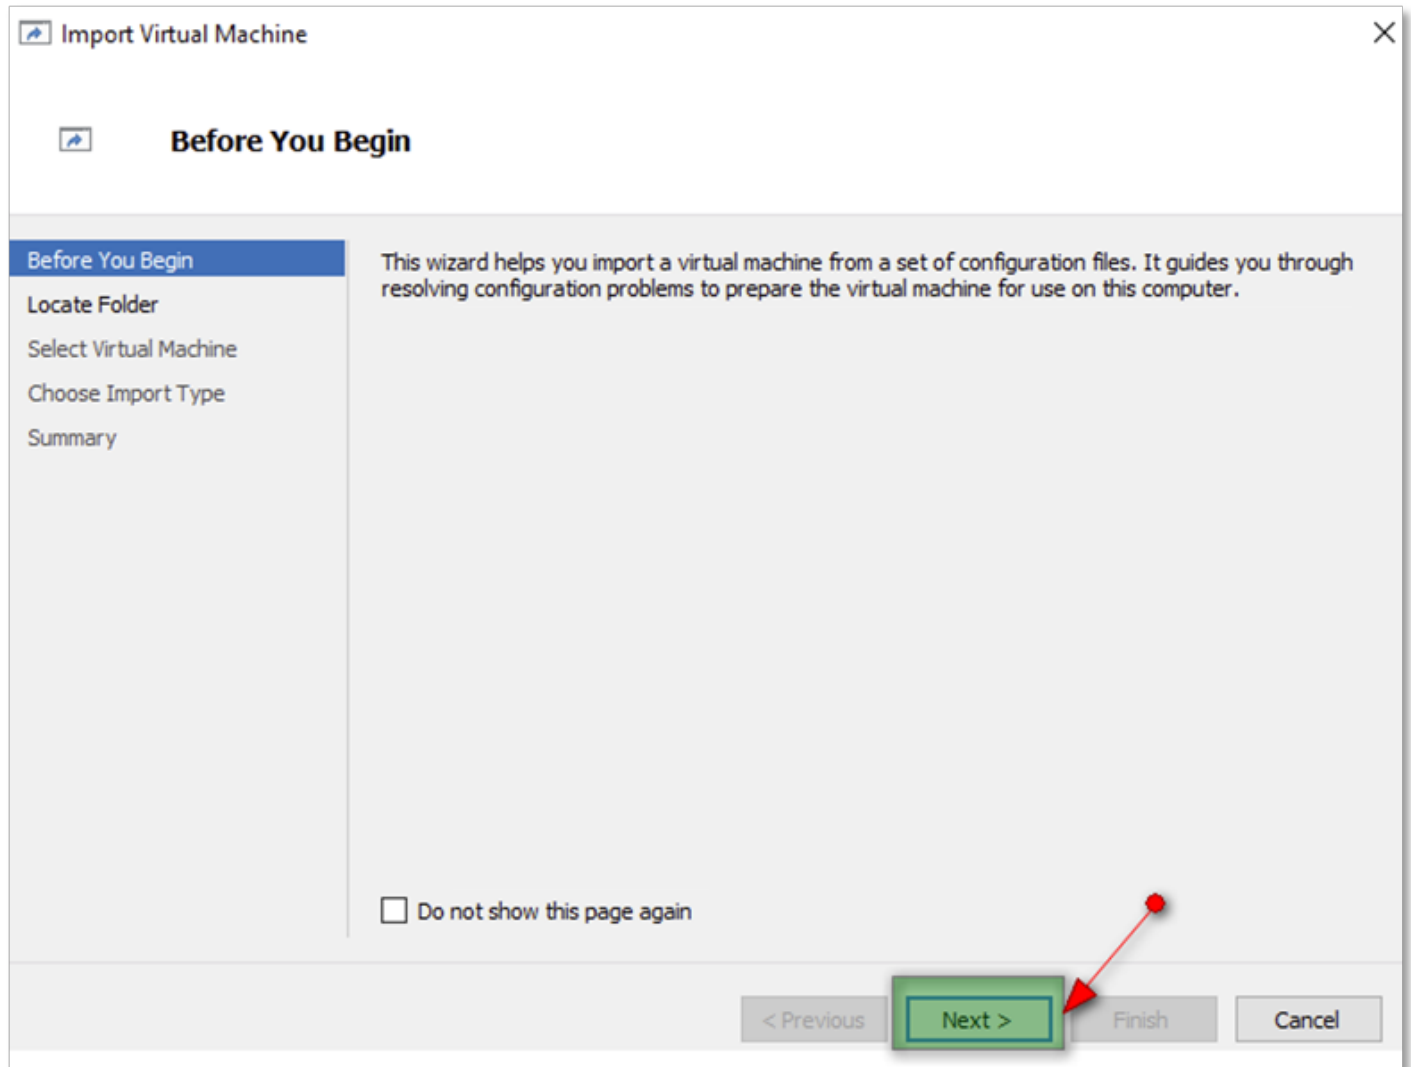

Step 3

From the Hyper-V Manager, right-click the server name then click **Import Virtual Machine...**

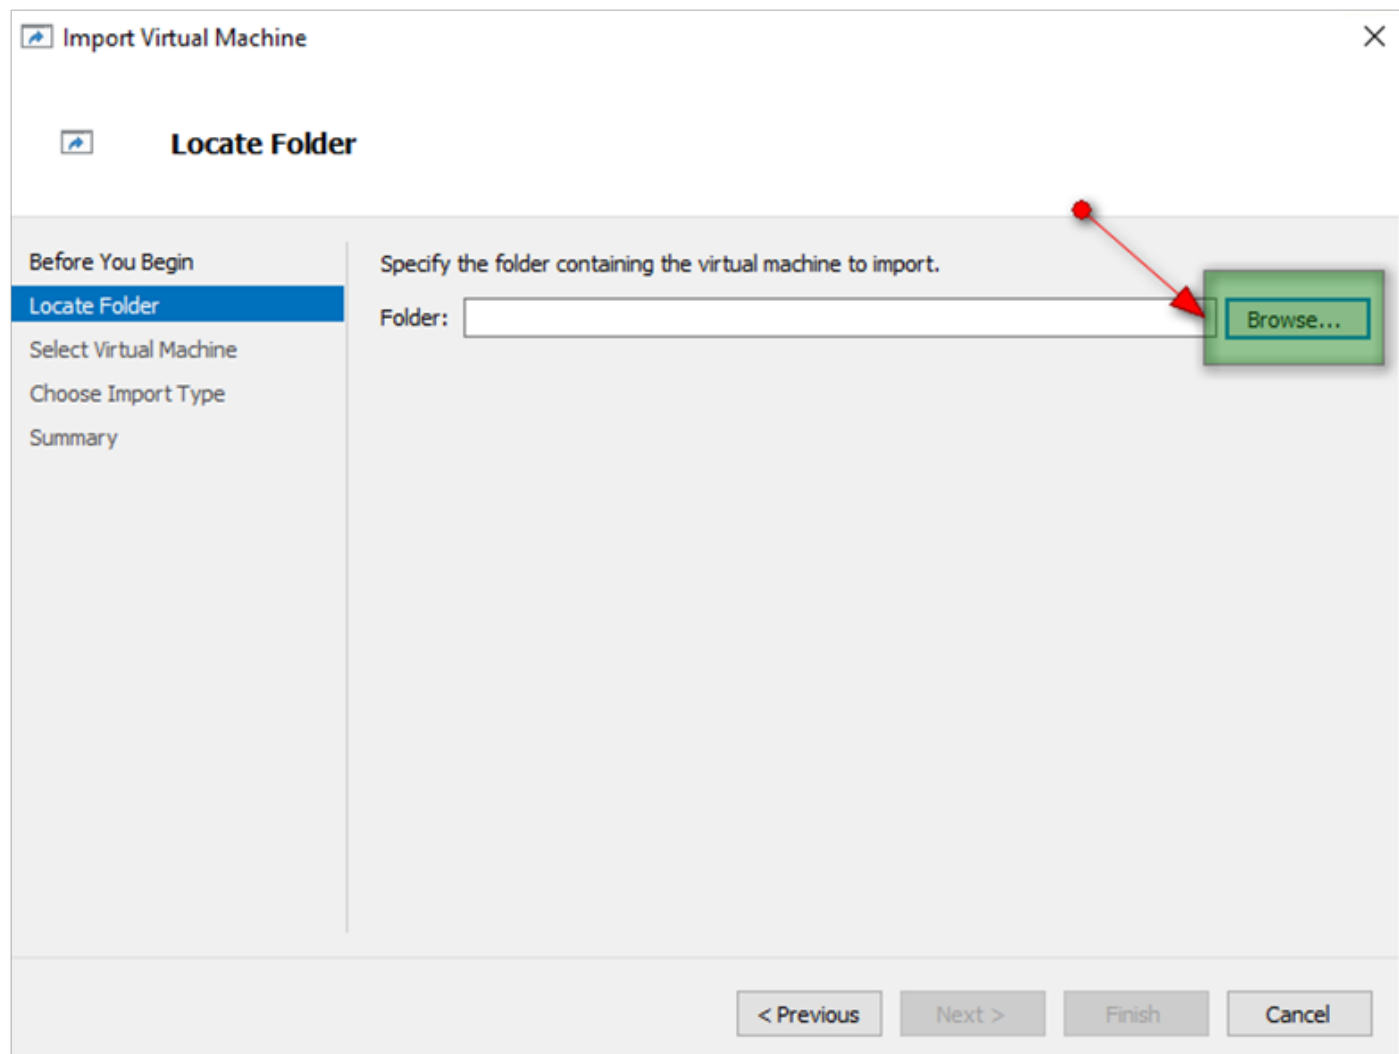

Step 4

Click **Next**.

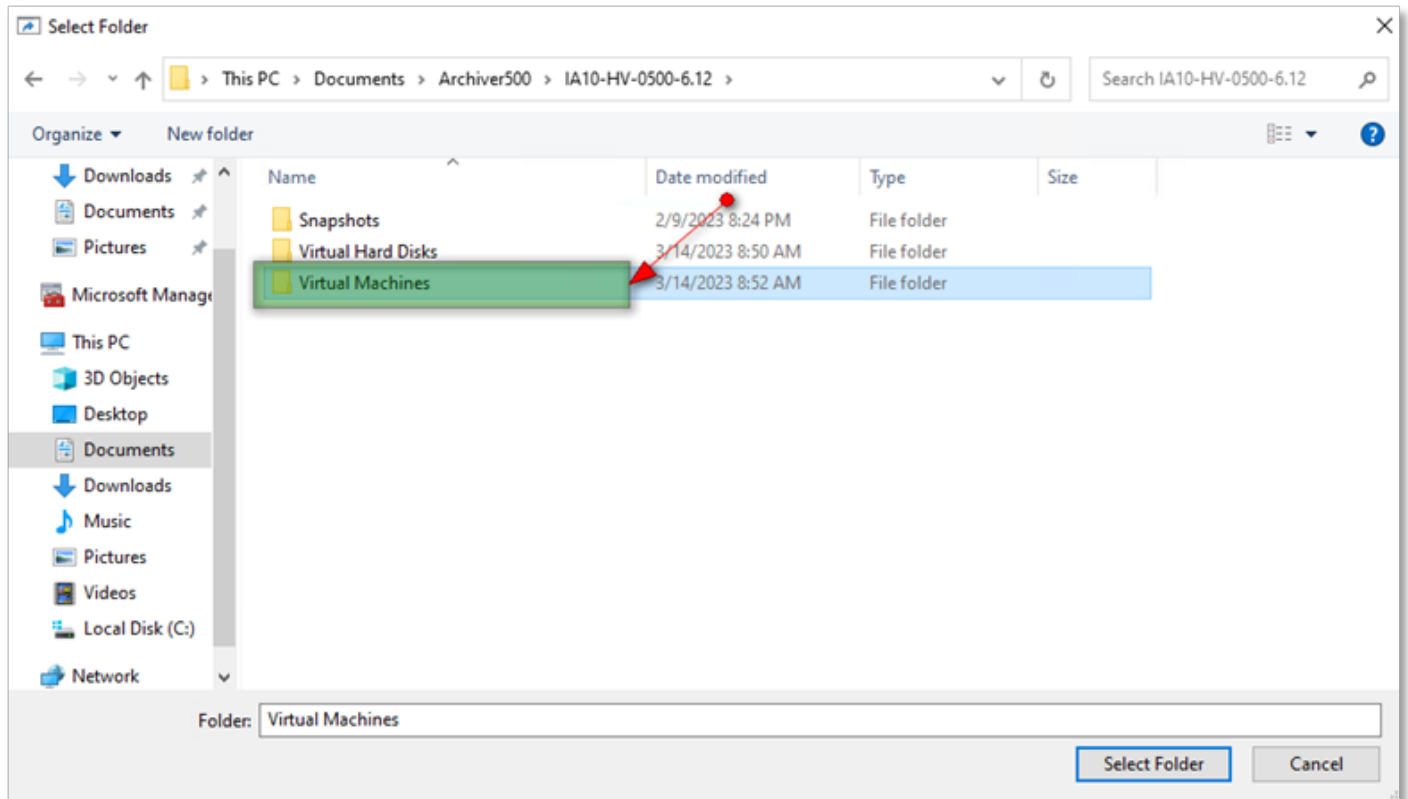

Step 5

Click **Browse...**

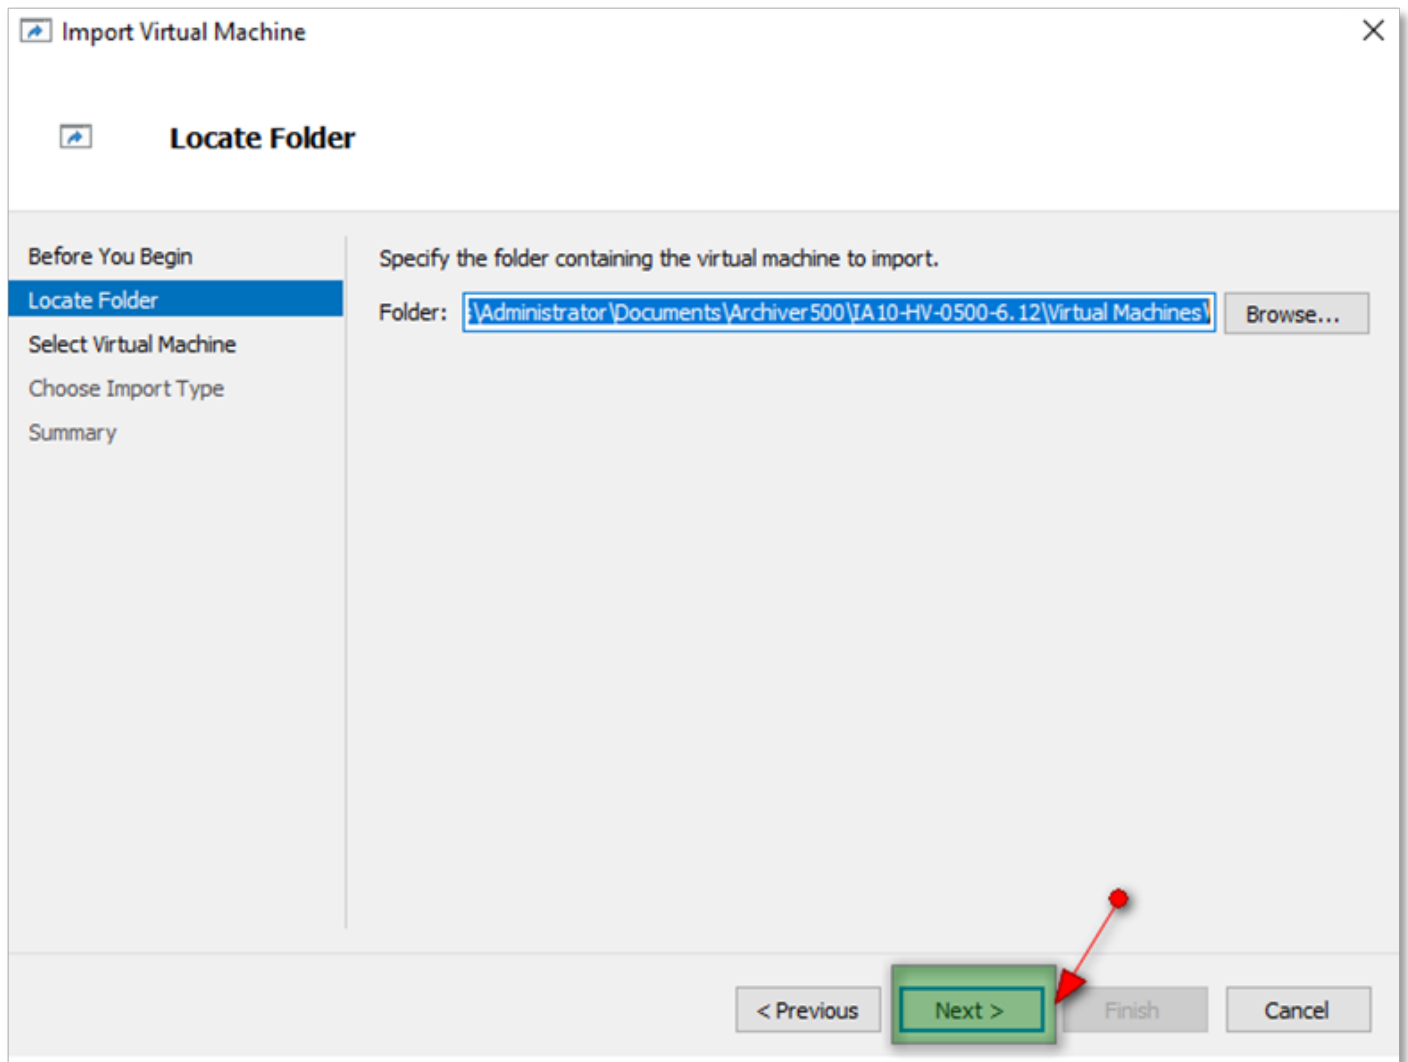

Step 6

Go to the location of the uncompressed file. Find and select folder **Virtual Machines**.

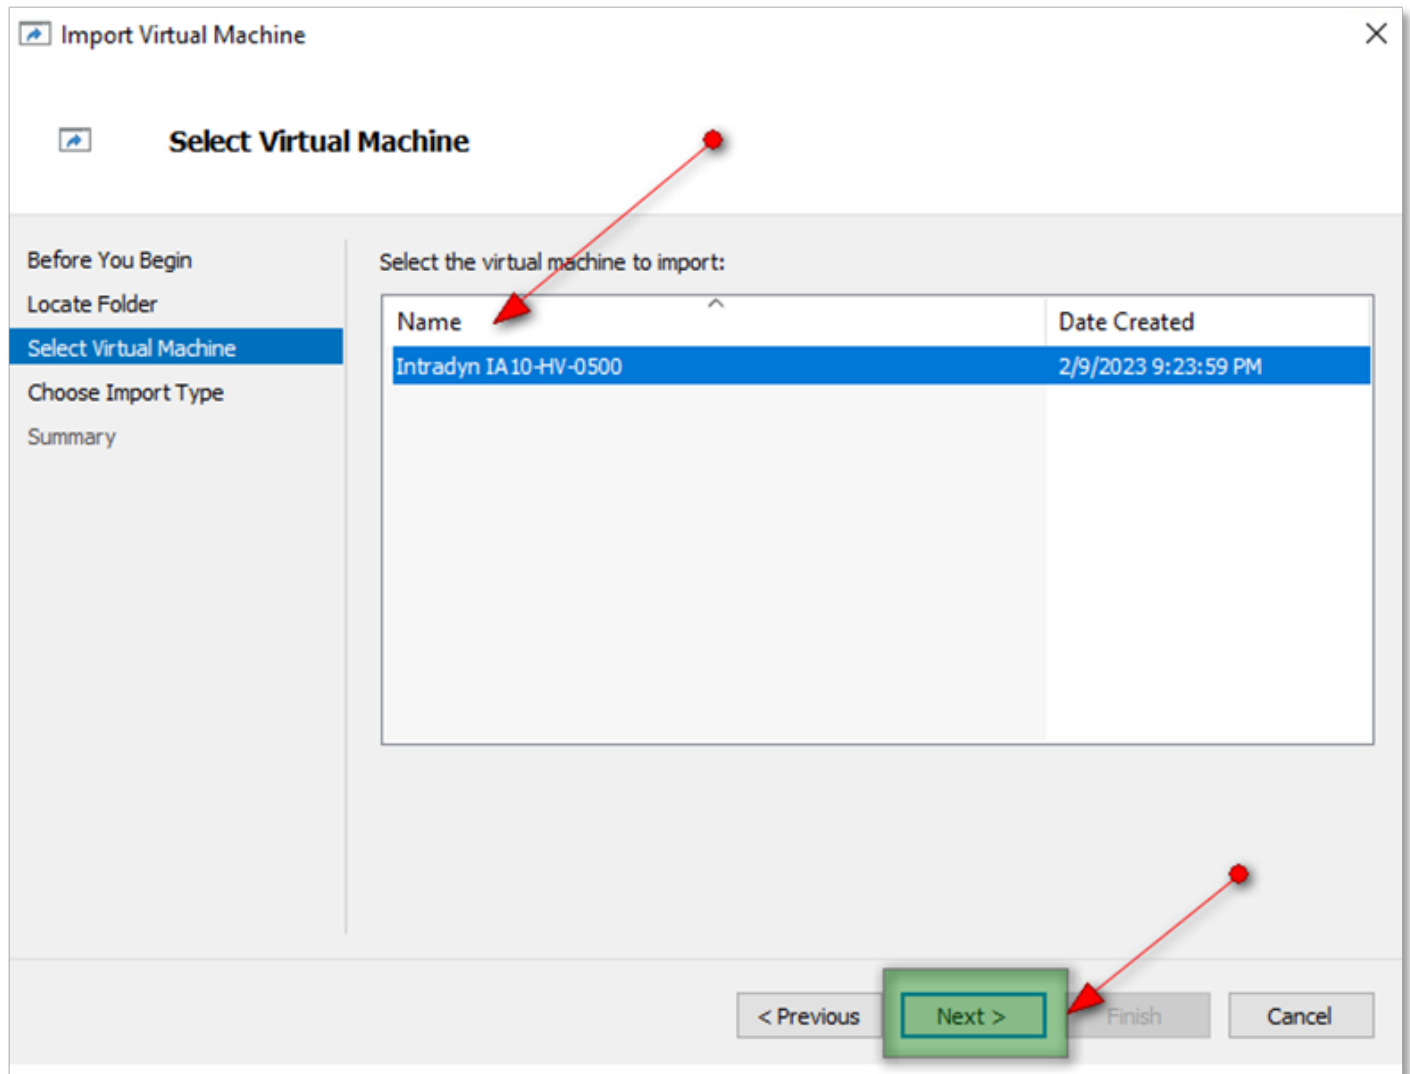

Step 7

Click **Next**.

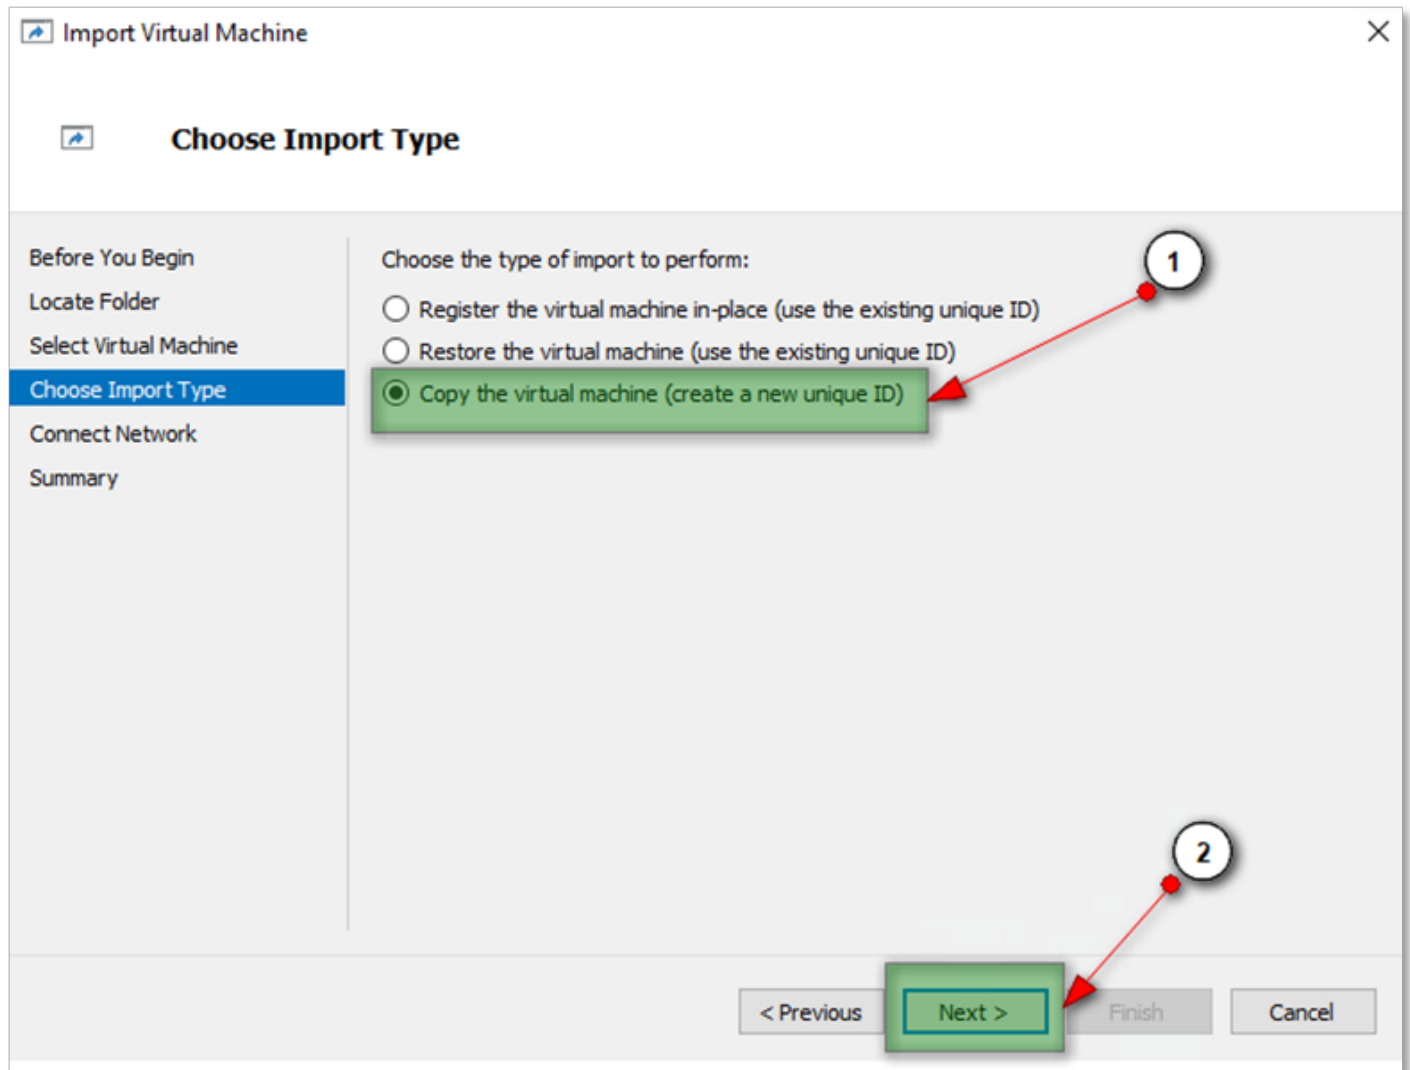

Step 8

The virtual machine **Intradyn IA10-HV-model number** will be selected. Click **Next**.

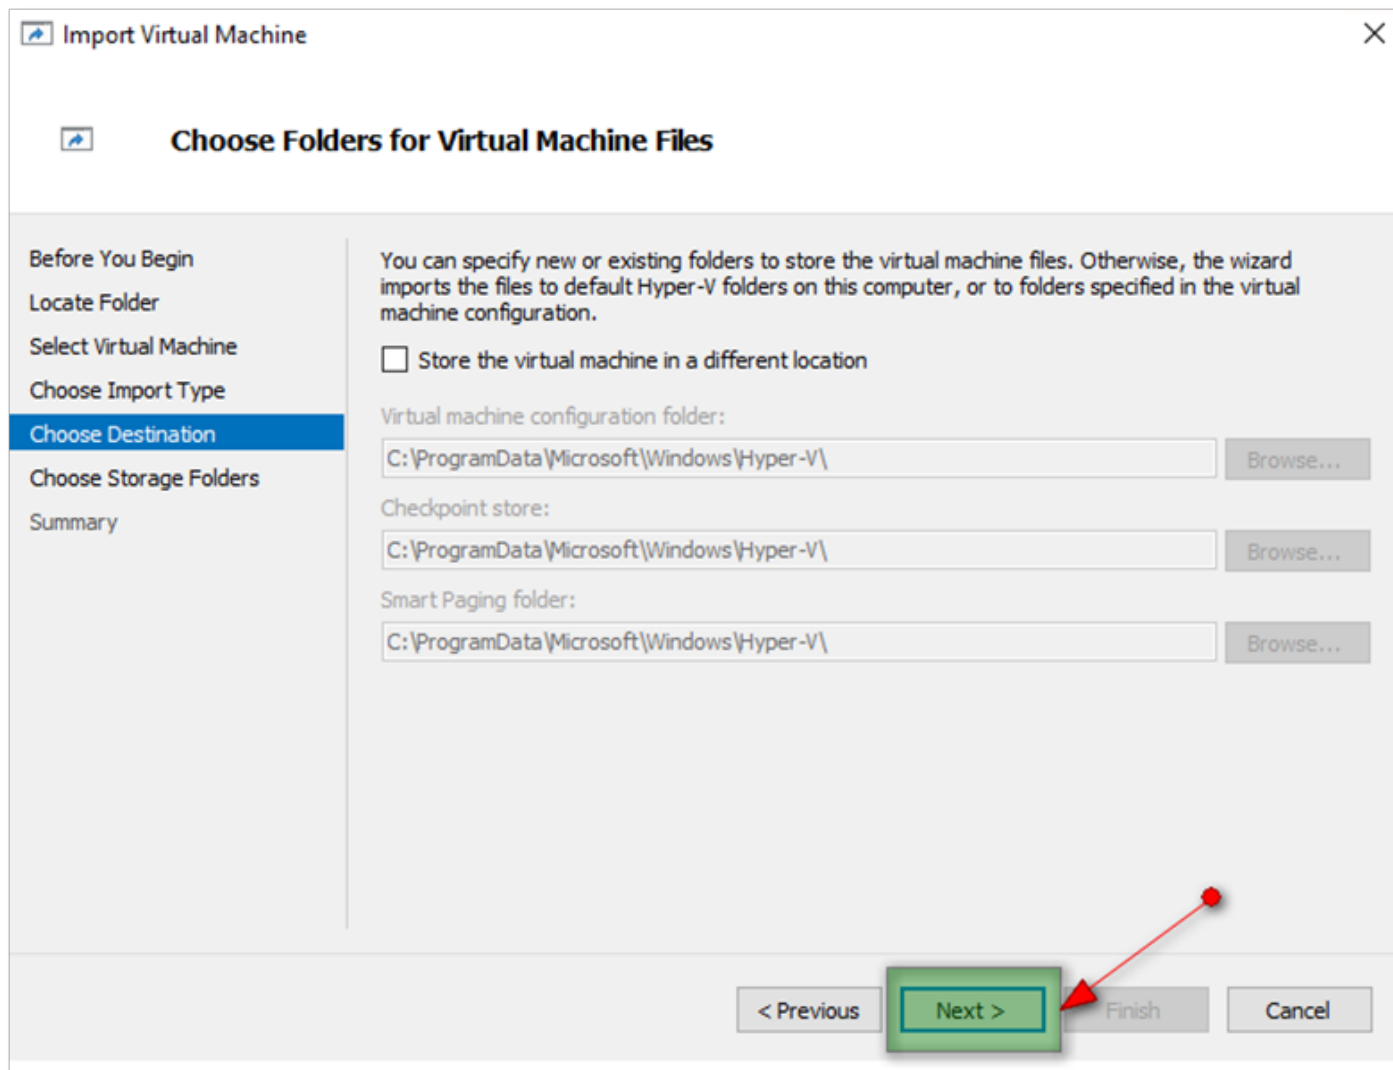

Step 9

Select **Copy the virtual machine (create a new unique ID)** and then click **Next**.

Step 10

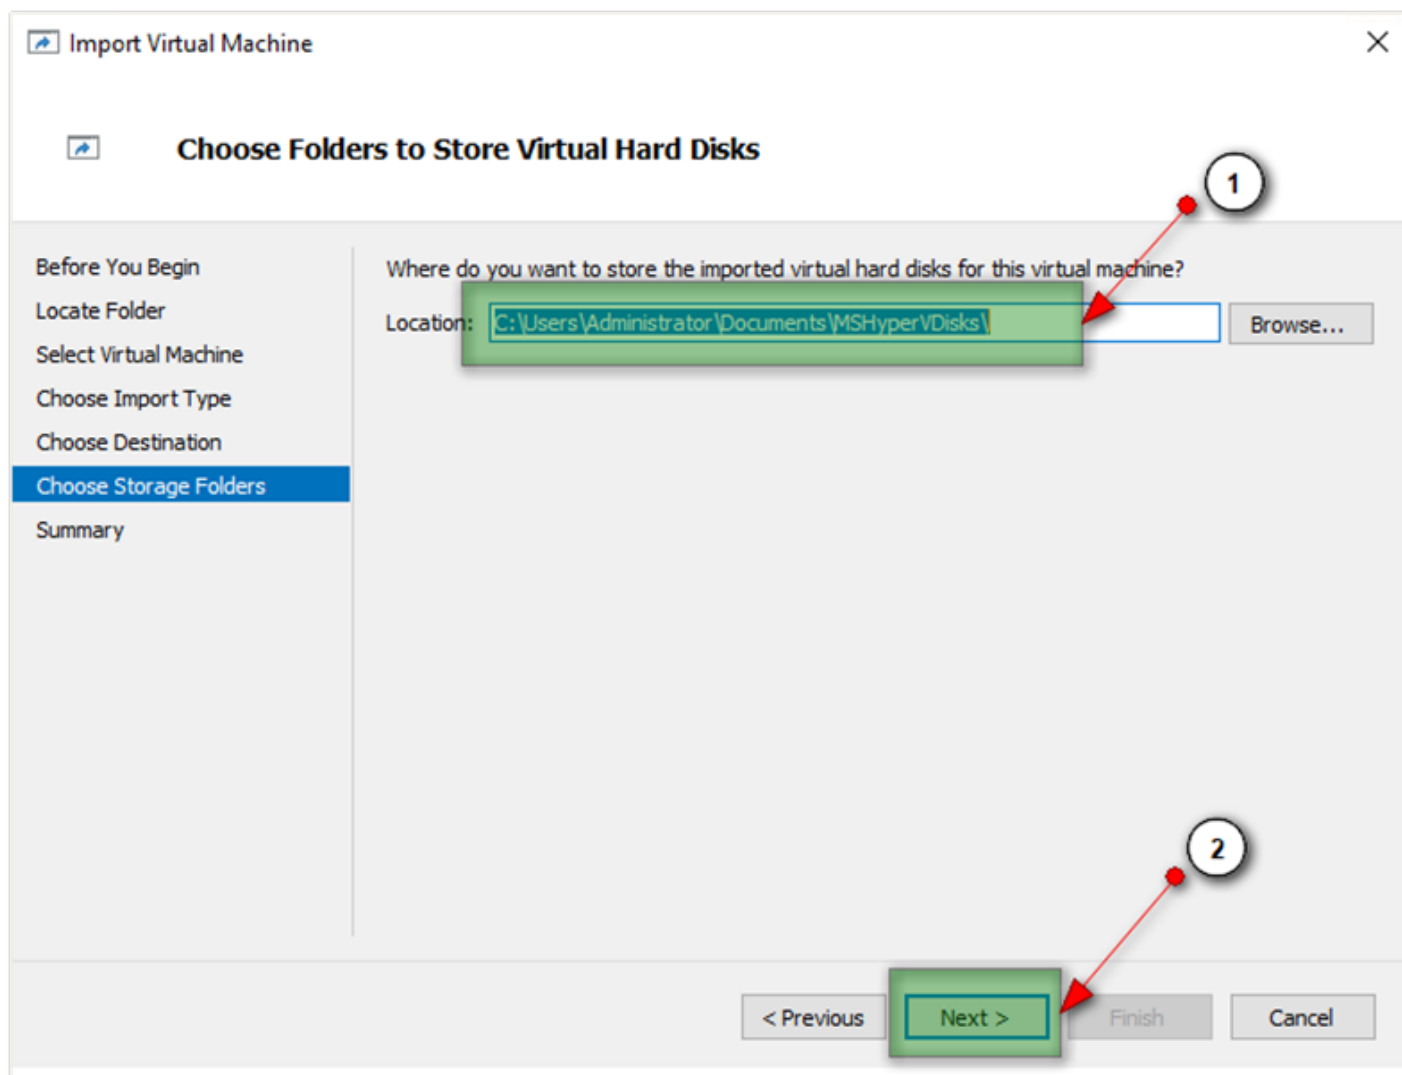

The files will be imported to default Hyper-V folders, or you can check the box next to Store the virtual machine in a different location and then specify the folder location to be used for virtual machine storage. Click **Next**.

Step 11

Choose a folder on a disk that contains enough space for the imported virtual hard disks. For example, for the 500 GB model, make sure you have at least 500 GB of space available.

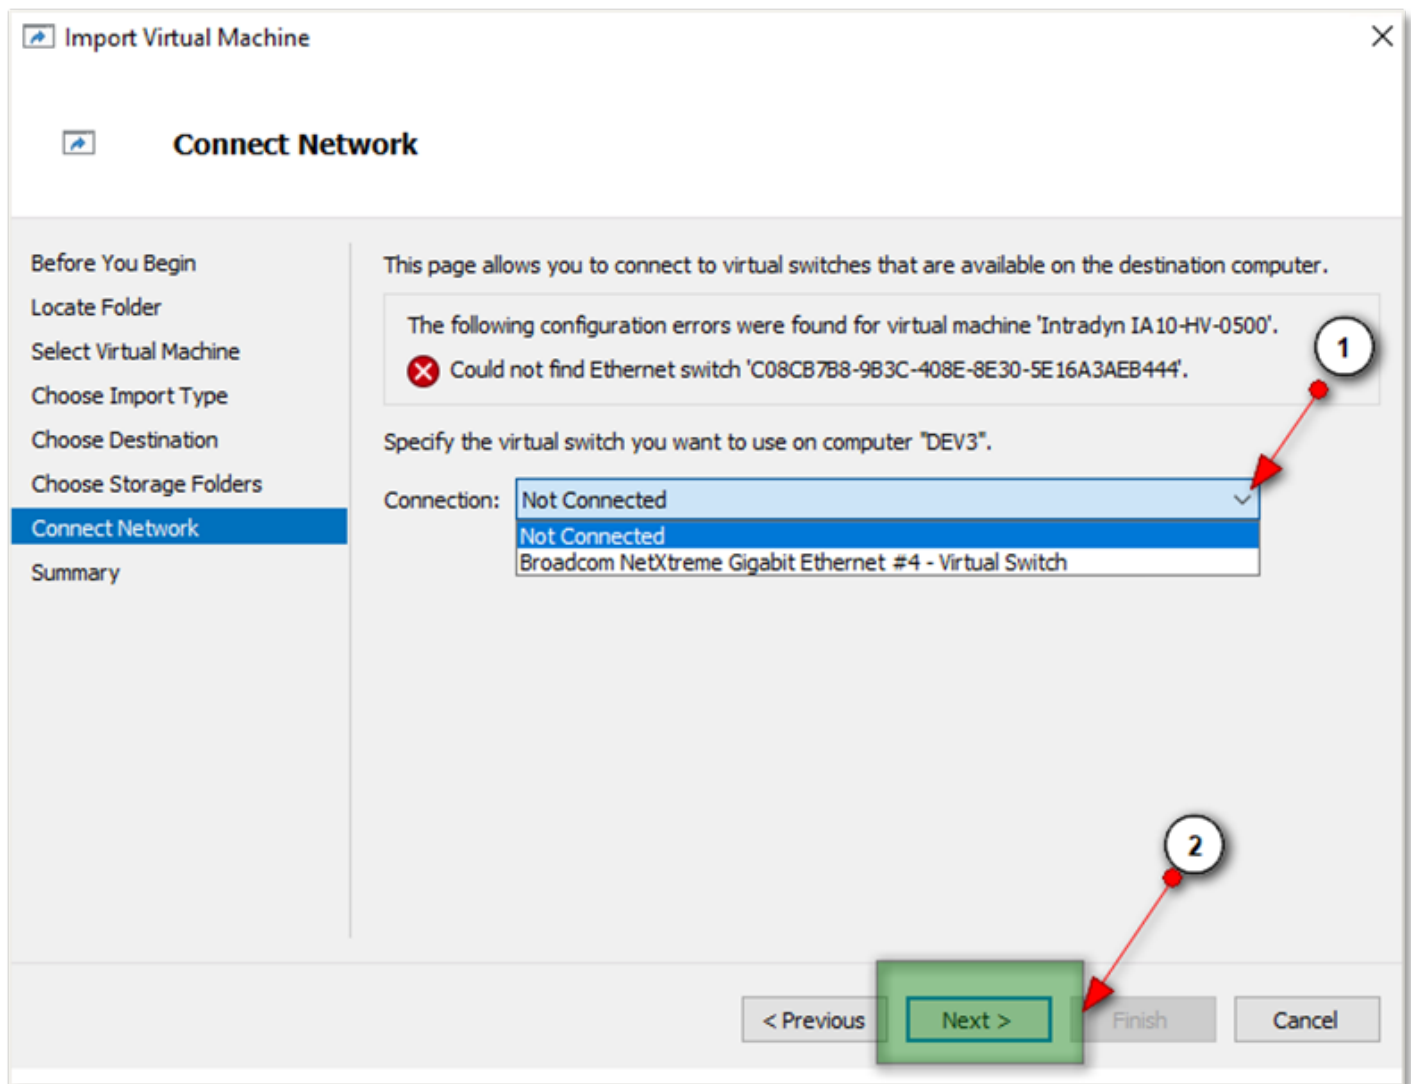

NOTE: The entirety of the designated space is not used initially. The disk space is utilized as data is inserted into the archiver.

Step 12

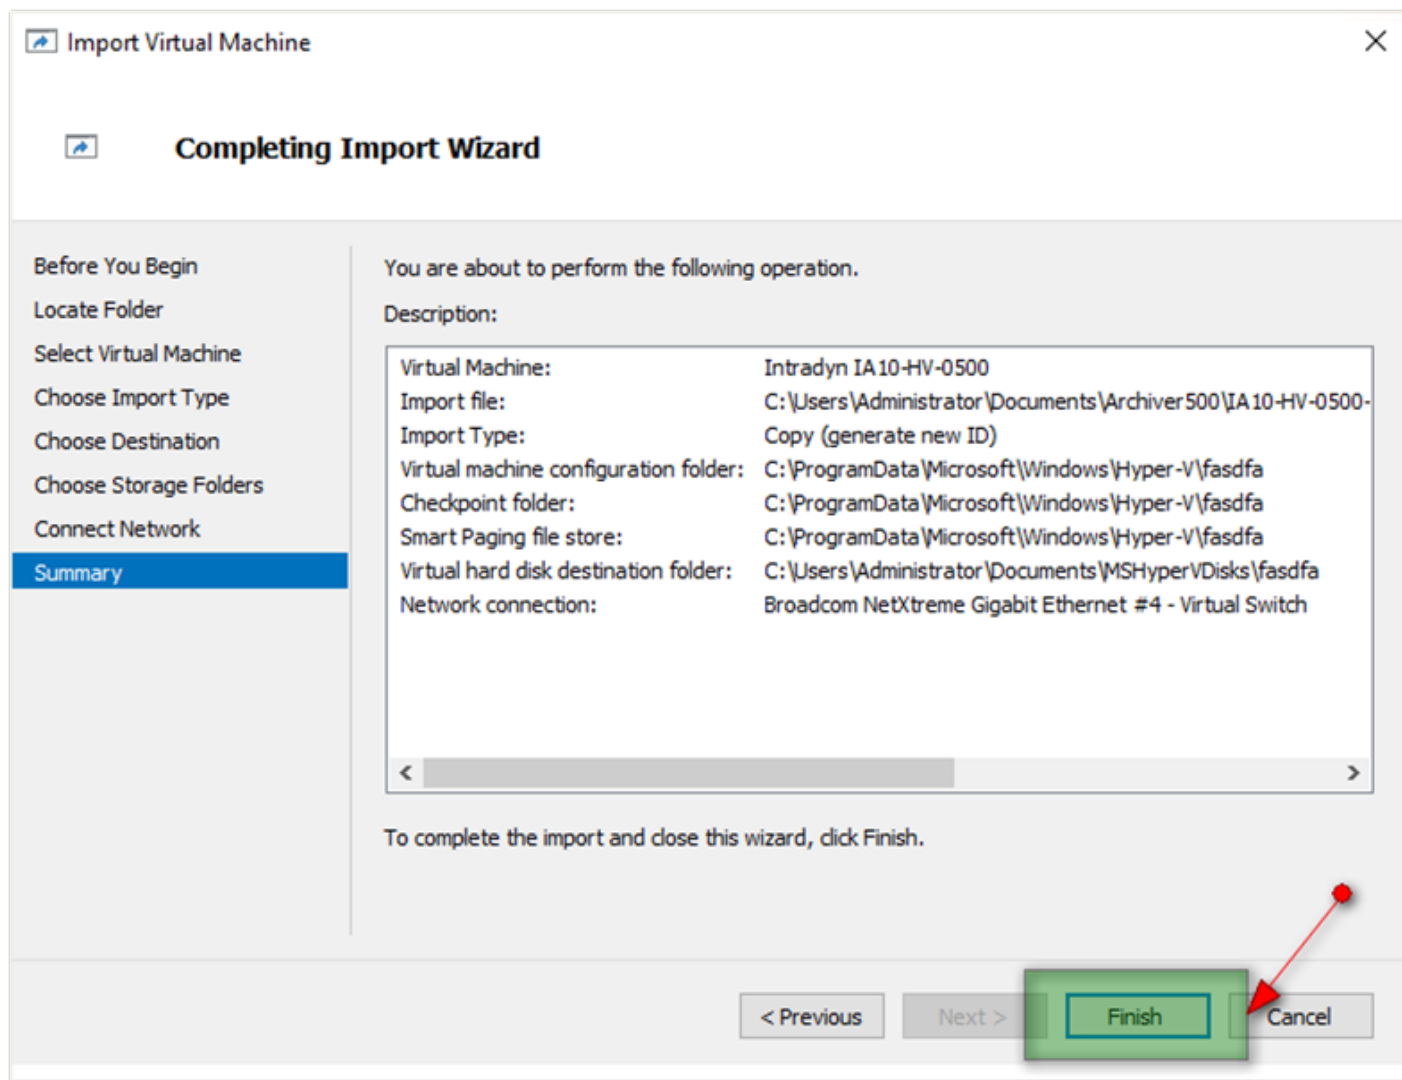

Click on the drop down and select a **Connection**.

Click **Next**.

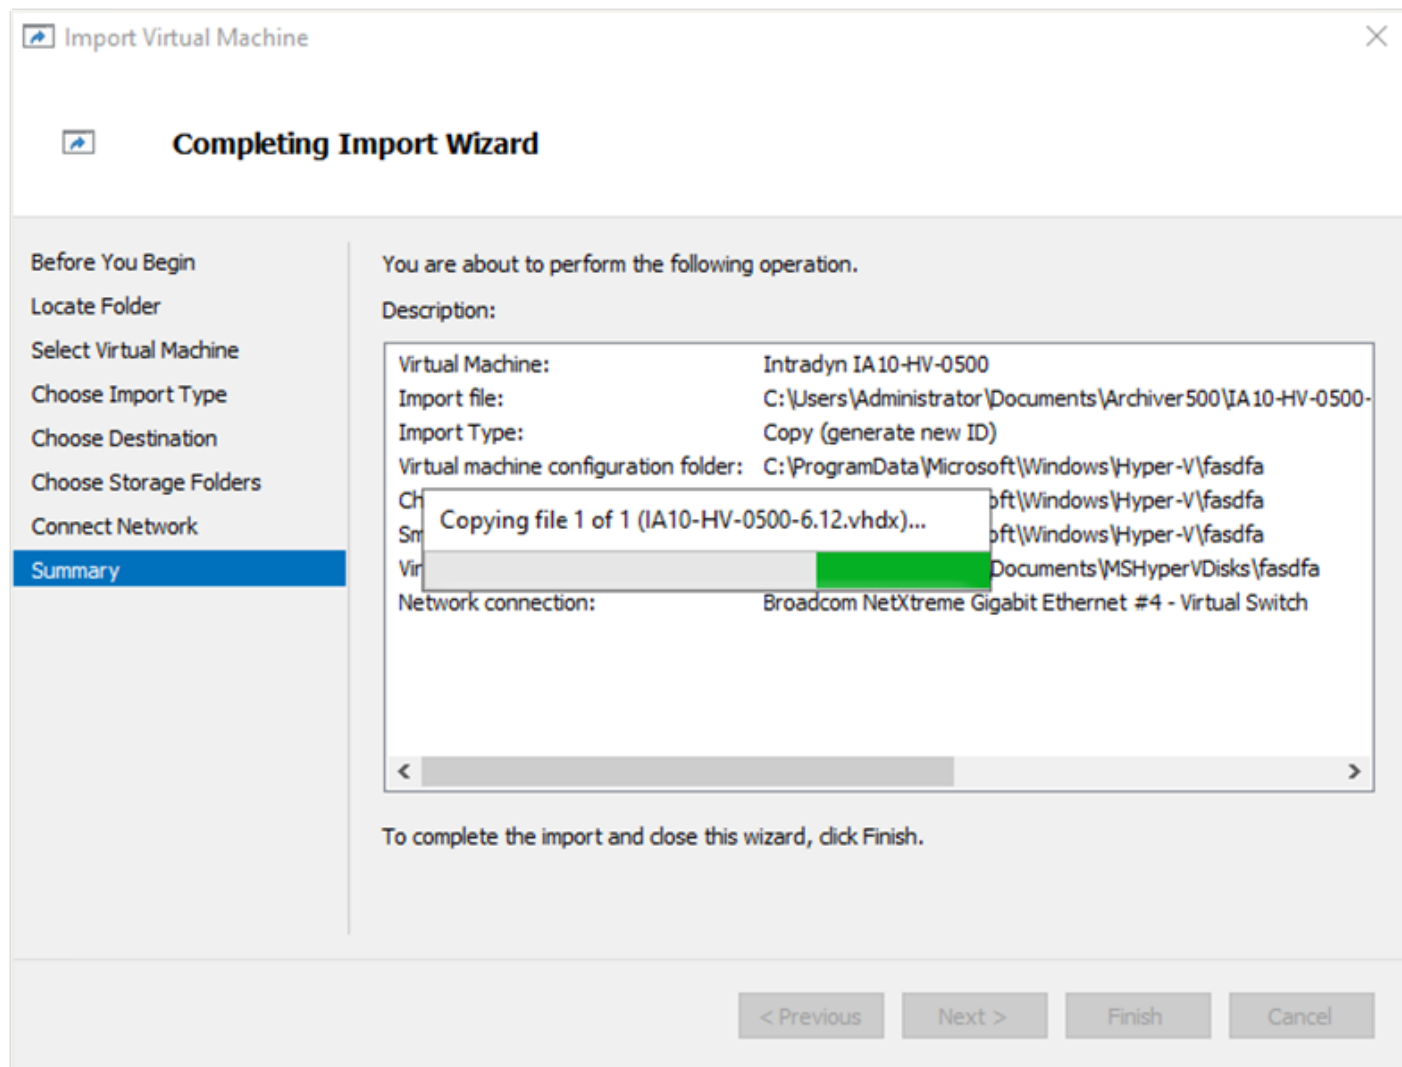

Step 13

Verify that everything is correct, then click **Finish**.

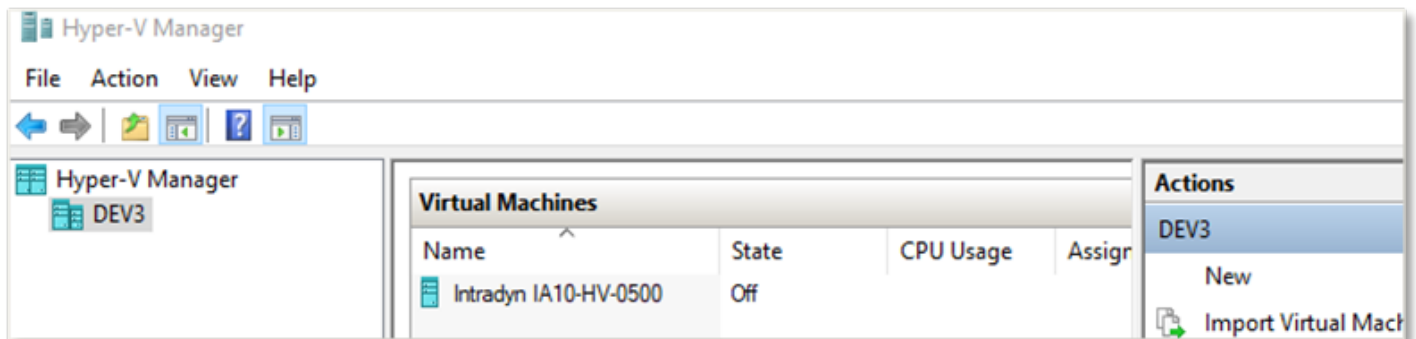

Step 14

It will take a few minutes for the Hypervisor to import the virtual machine.

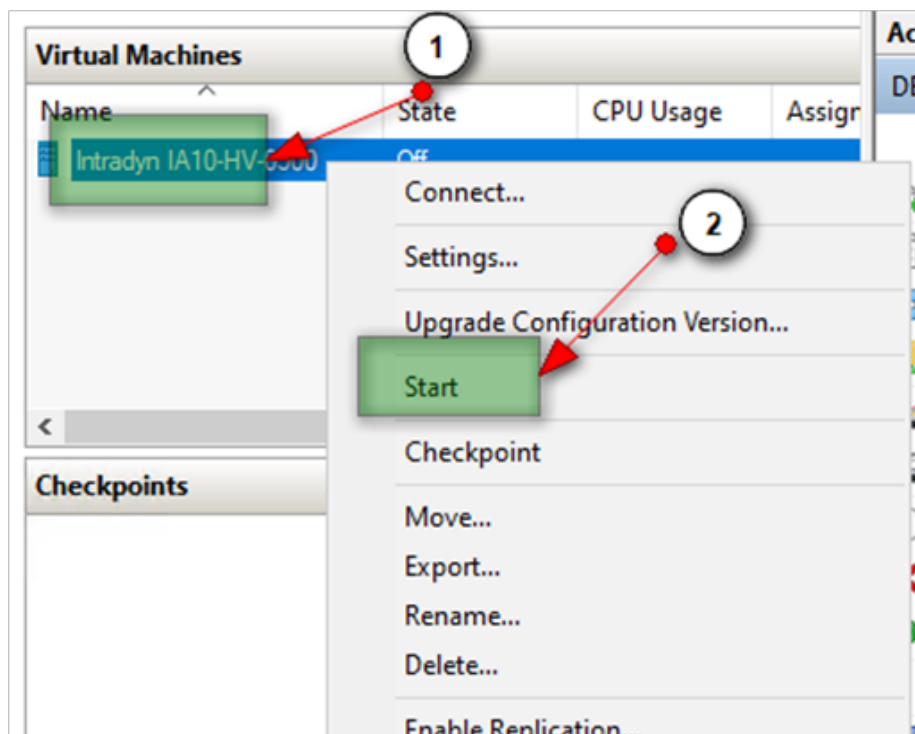

Install Intradyn Email Archiver for Microsoft Hyper-V

Once the virtual machine is imported, it should be visible in “**Off**” state.

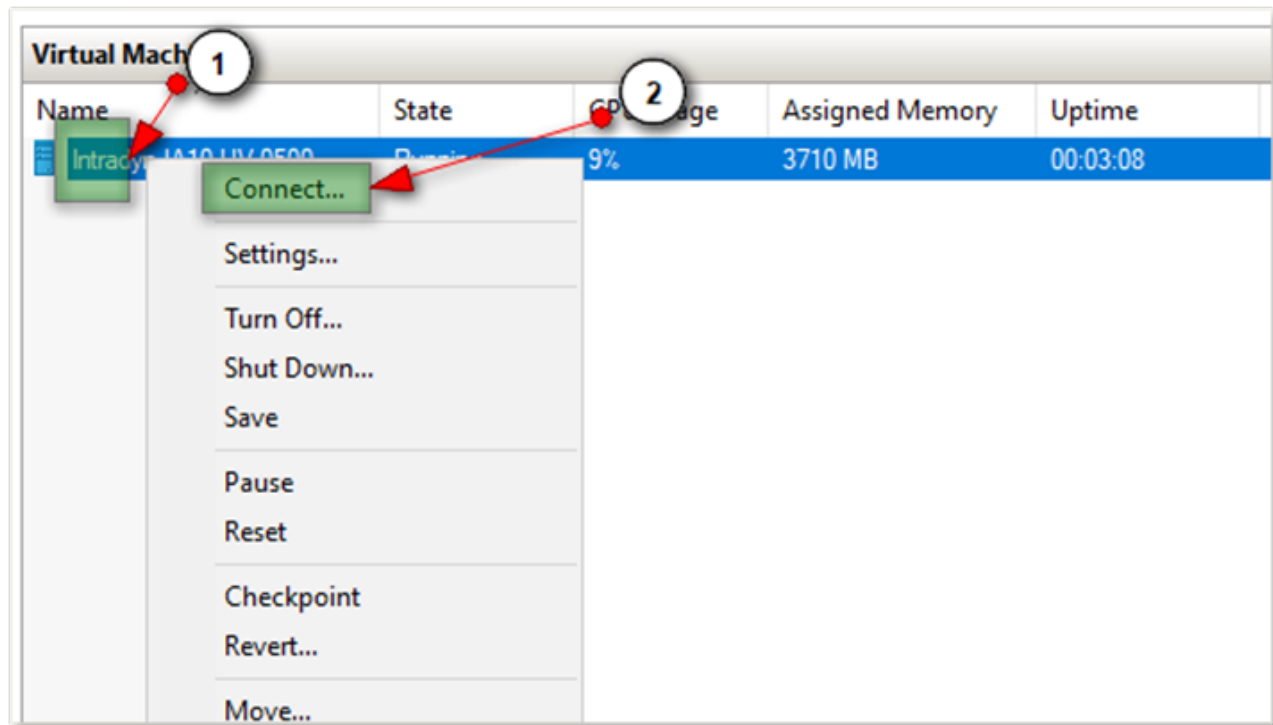

Step 15

Right-click on the virtual machine and click **Start**.

Step 16

Once the virtual machine's state is **"Running"**, right-click on it and then click **Connect**.

Step 17

The console window will open, and you can see the IP address of the virtual machine.

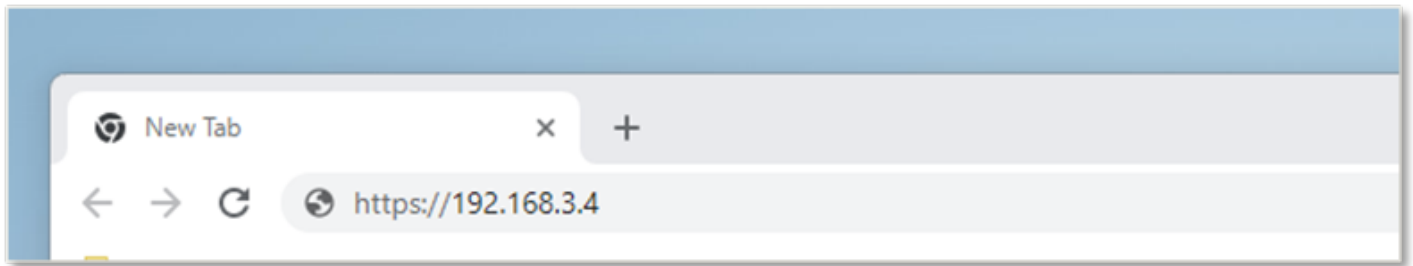

```
=====
===
=== You received a Product/Maintenance Key of the form:
===          1xxx-xxxx-xxxx-xxxx-xxxx-xxxx
===
=== Via the web interface, goto the 'Maintenance' tab and then the under the
=== 'Technical Support' click on 'Maintenance Key' where you can enter the
=== Product Key that you were given.
===
=====

Networking info:
+-----+-----+-----+-----+
| IP | Net Mask | Gateway | MAC Address |
+-----+-----+-----+-----+
e0 | 192.168.3.4 | 255.255.255.0 | 192.168.3.1 | 00:15:5d:03:03:00 |
+-----+-----+-----+-----+
Nameserver(s): 1.1.1.1 8.8.8.8
```

Step 18

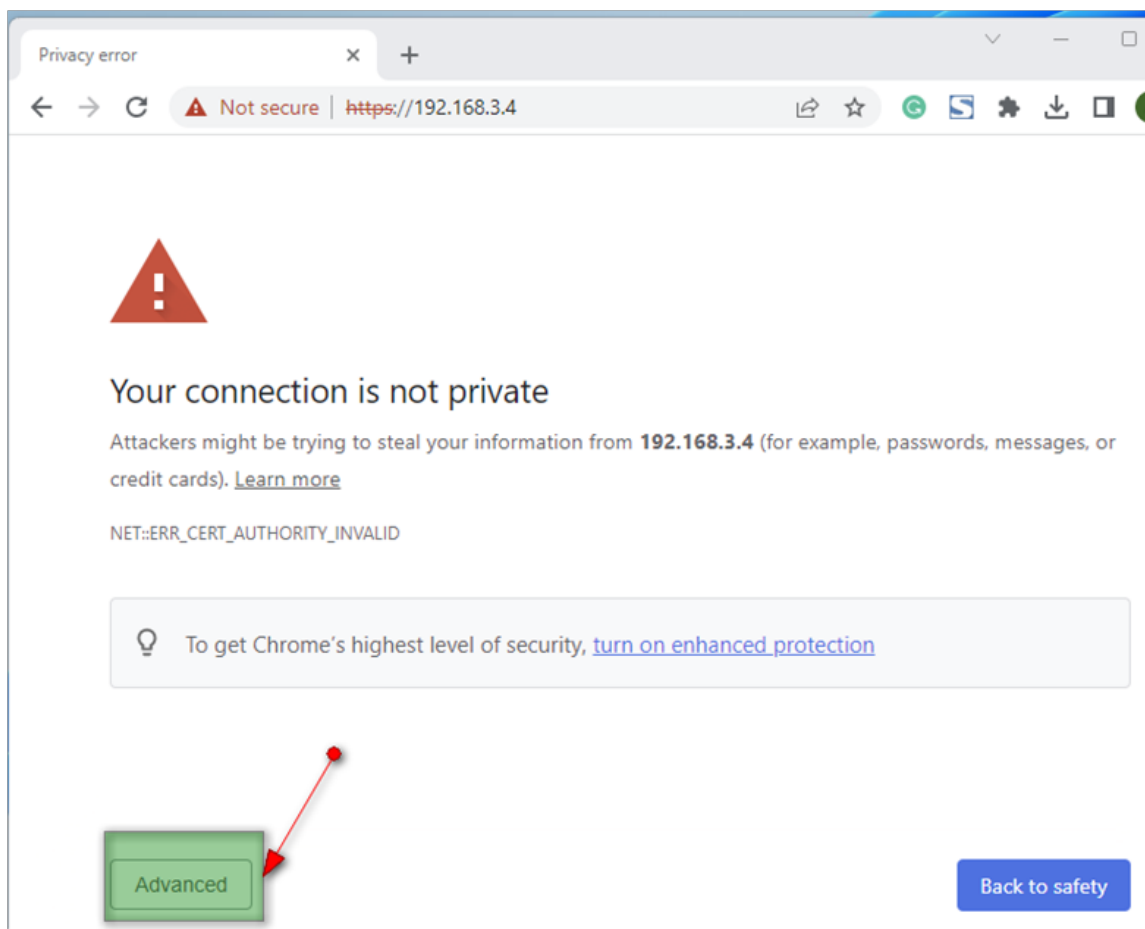

Open a browser and type the IP address from the console window. For example, `https://192.168.3.4`

Note: Use **HTTPS** and not HTTP.

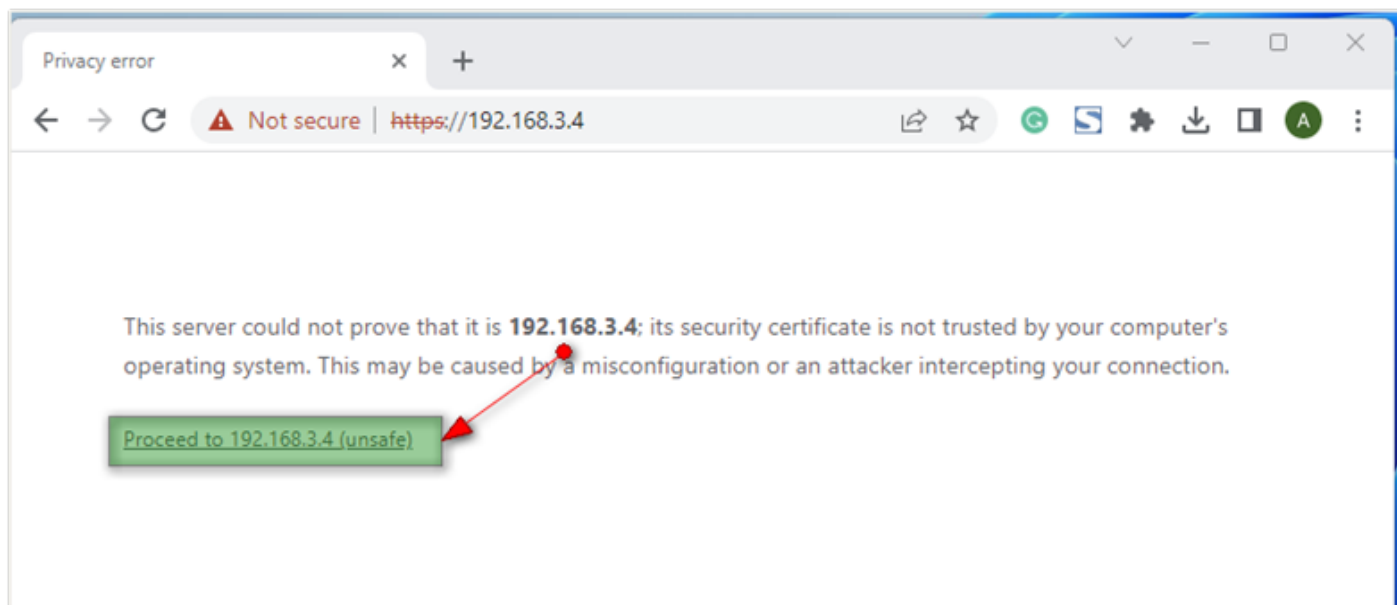

Step 19

Click **Advanced**.

Step 20

Click on **Proceed to {IP address}**.

Step 21

Enter **userid** and **password** you received in your deployment email.

Click **Login**.

The image shows the Intradyn login interface. At the top, there is a blue circle logo followed by the text "INTRADYN" in large white letters, and "Email Archiving & eDiscovery" in smaller white letters below it. Below the logo, the text "Sign in with your userid" is displayed. Underneath, there is a white input field containing the text "admin". Below this, the text "Password" is displayed, followed by a white input field filled with ten black dots. A large blue button with the text "Login" is positioned below the password field. At the bottom, there is a link that says "Lost your password?".

Step 22

Read the **End User License Agreement** and then click **Accept**.

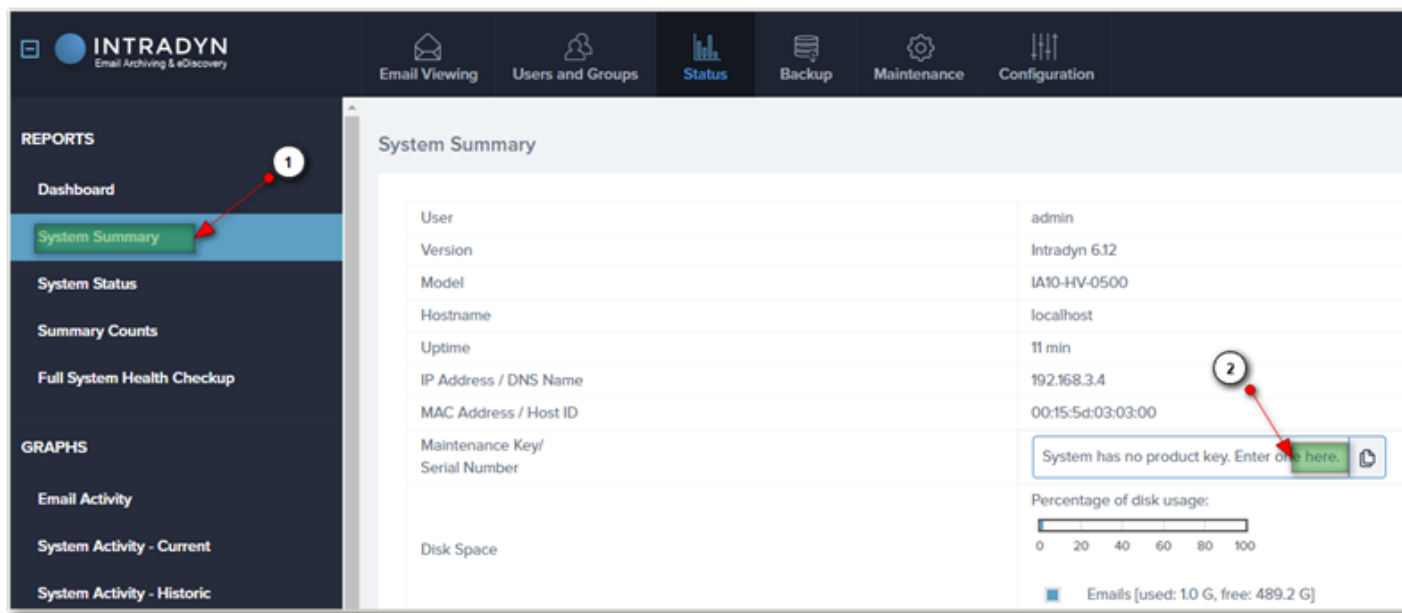

Step 23

Click **Status** in the top menu.

Step 24

In the left menu, click **System Summary** and then click the “**here**” link to enter the product key.

Step 25

Enter the **Product Key** you received in your deployment email and then click **Submit**.

Maintenance Key Contract

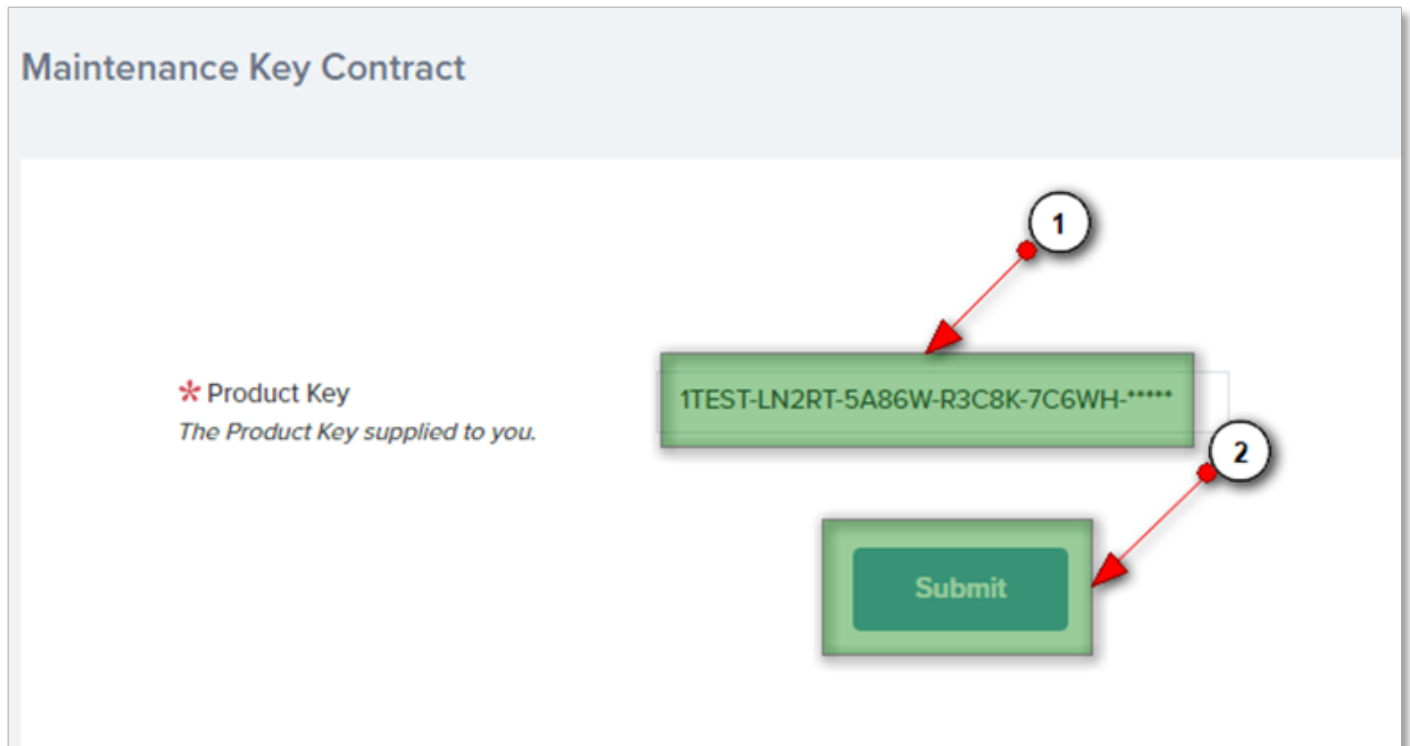

* Product Key
The Product Key supplied to you.

Submit

1

2

The screenshot shows a web interface titled "Maintenance Key Contract". On the left, there is a red asterisk icon followed by the text "Product Key" and a subtext "The Product Key supplied to you." in italics. To the right of this text is a green rectangular box containing the product key "1TEST-LN2RT-5A86W-R3C8K-7C6WH-*****". Below the product key box is a green rectangular button with the word "Submit" in white. Two red arrows with circular callouts numbered "1" and "2" indicate the sequence of actions: arrow "1" points to the product key box, and arrow "2" points to the "Submit" button.

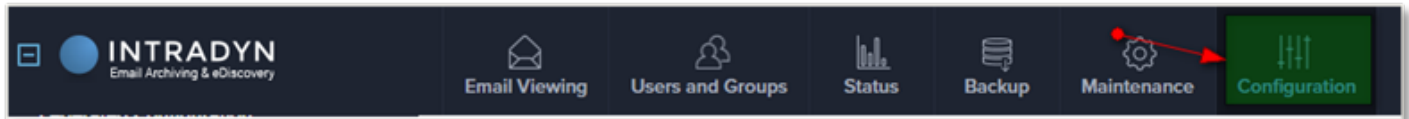

On the next screen, verify that your maintenance contract expiration information is correct.

Maintenance Key Contract

Key:	1TEST-LN2RT-5A86W-R3C8K-7C6WH-2AA6C 
Key Status:	This key is valid and currently subscribed to services.
Current Date:	2023-03-14 09:48
Software Maintenance Interval:	2023-03-13 12:33 - 2024-04-02 12:33 Your maintenance contract will expire in 12 months, 20 days

Step 26

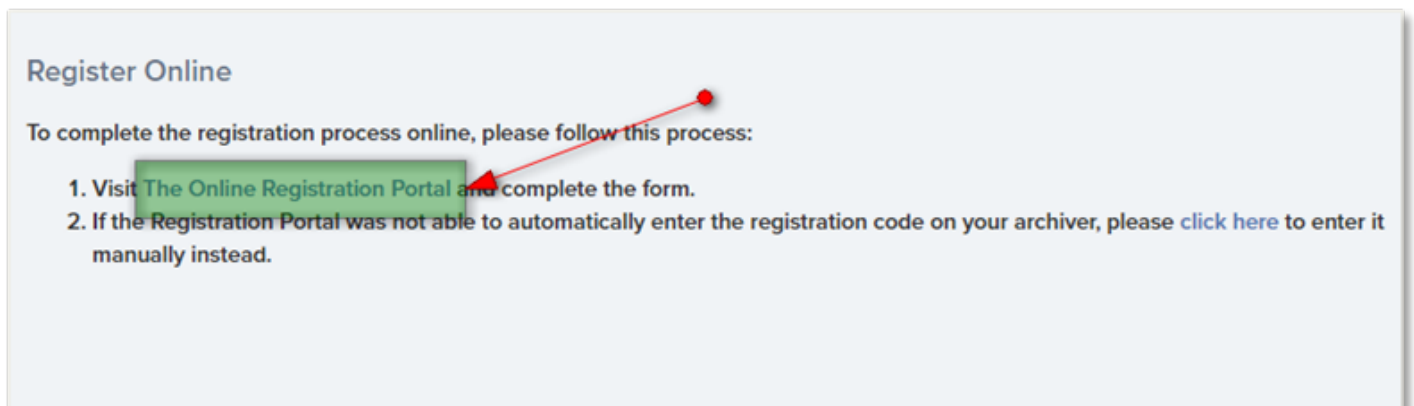

Click **Configuration** in the top menu.

Click **Register Product** in the left menu.

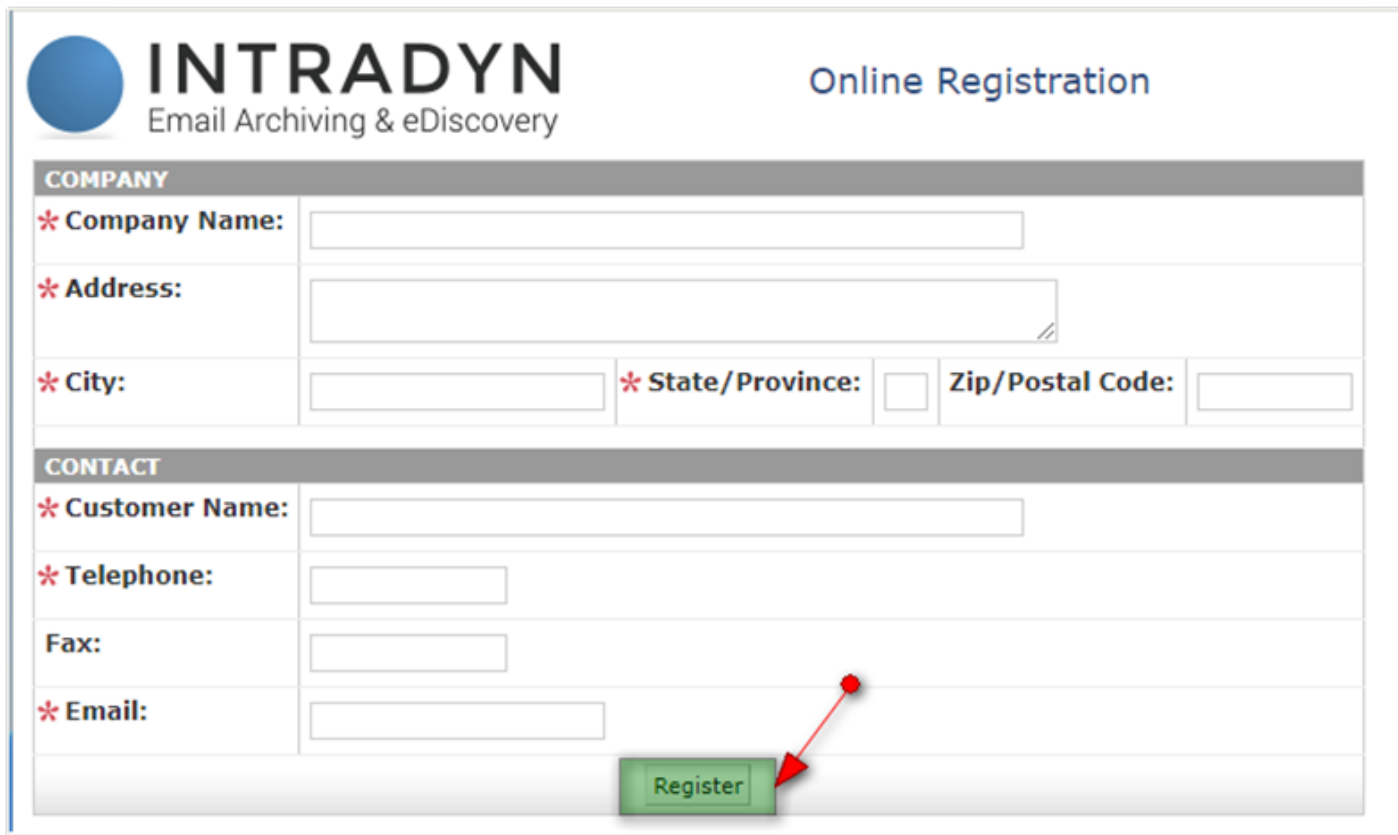

On the **Register Online** page click the link **The Online Registration Portal**.

Step 27

Enter all the required information, and then click **Register**.

The image shows the Intradyn Online Registration form. The form is titled "INTRADYN" with the tagline "Email Archiving & eDiscovery" and "Online Registration". It is divided into two main sections: "COMPANY" and "CONTACT".

COMPANY

- * Company Name:
- * Address:
- * City: * State/Province: Zip/Postal Code:

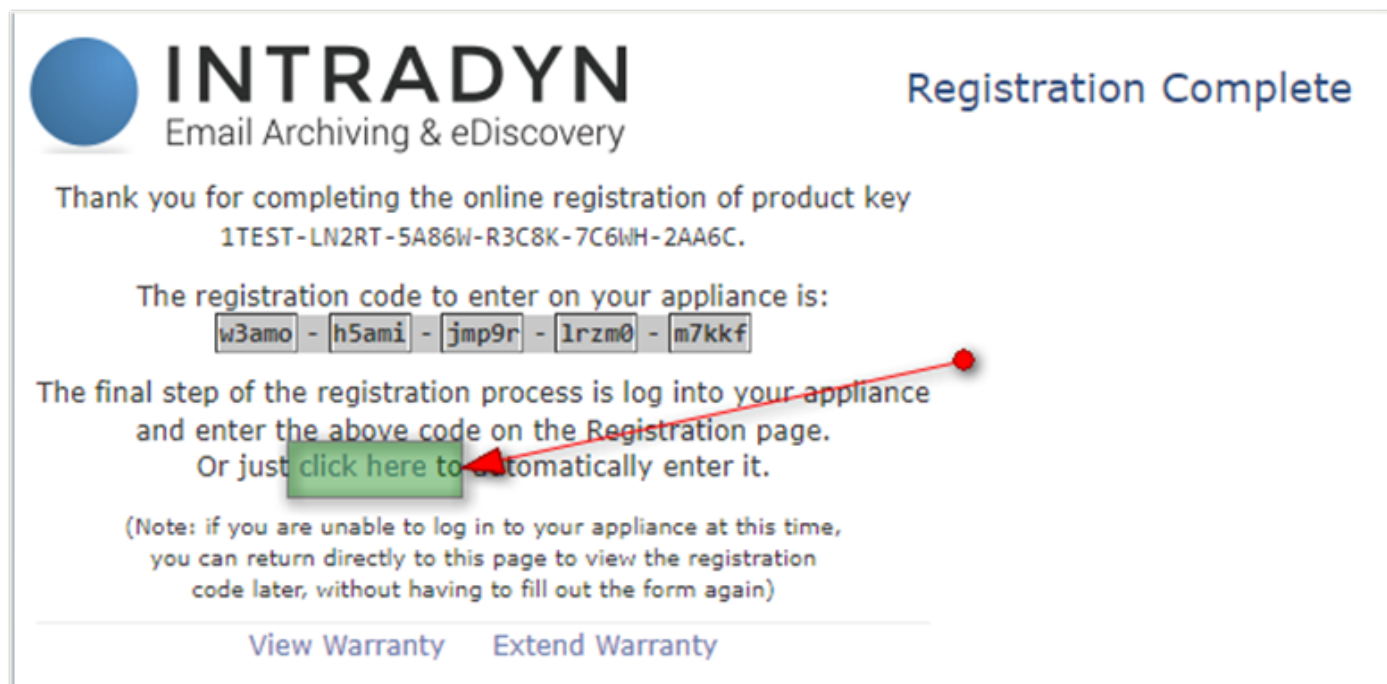

CONTACT

- * Customer Name:
- * Telephone:
- Fax:
- * Email:

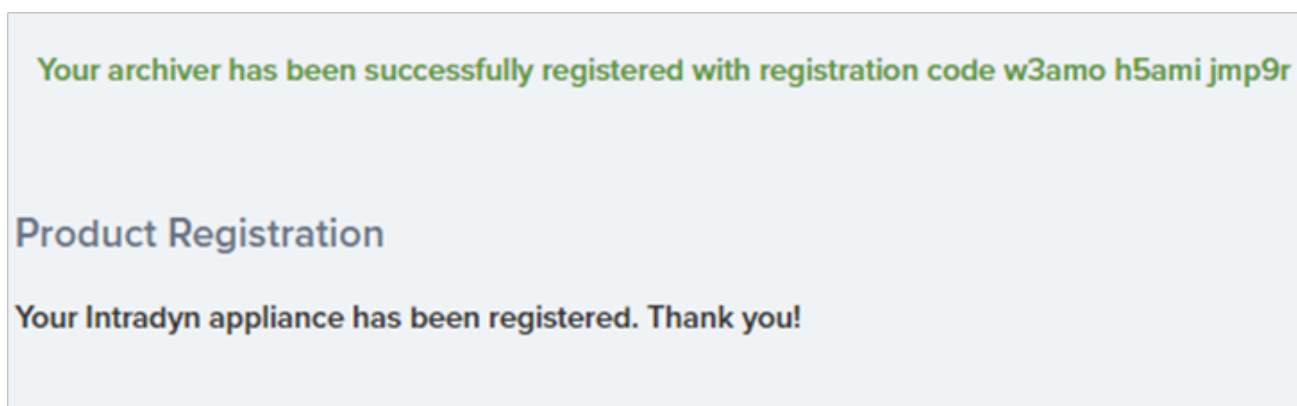

At the bottom of the form, there is a green "Register" button. A red arrow points to this button.

Step 28

Click the “**click here**” link.

You should see the following page:

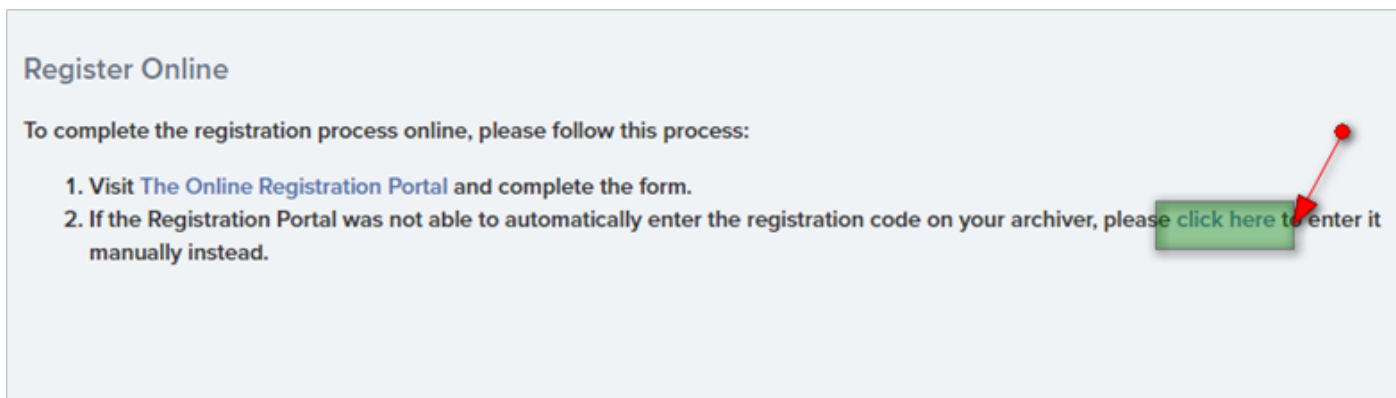

NOTE: If the link does not take you back to your archiver, then copy the full registration code and enter manually (see manual steps on the next pages).

Manual Registration

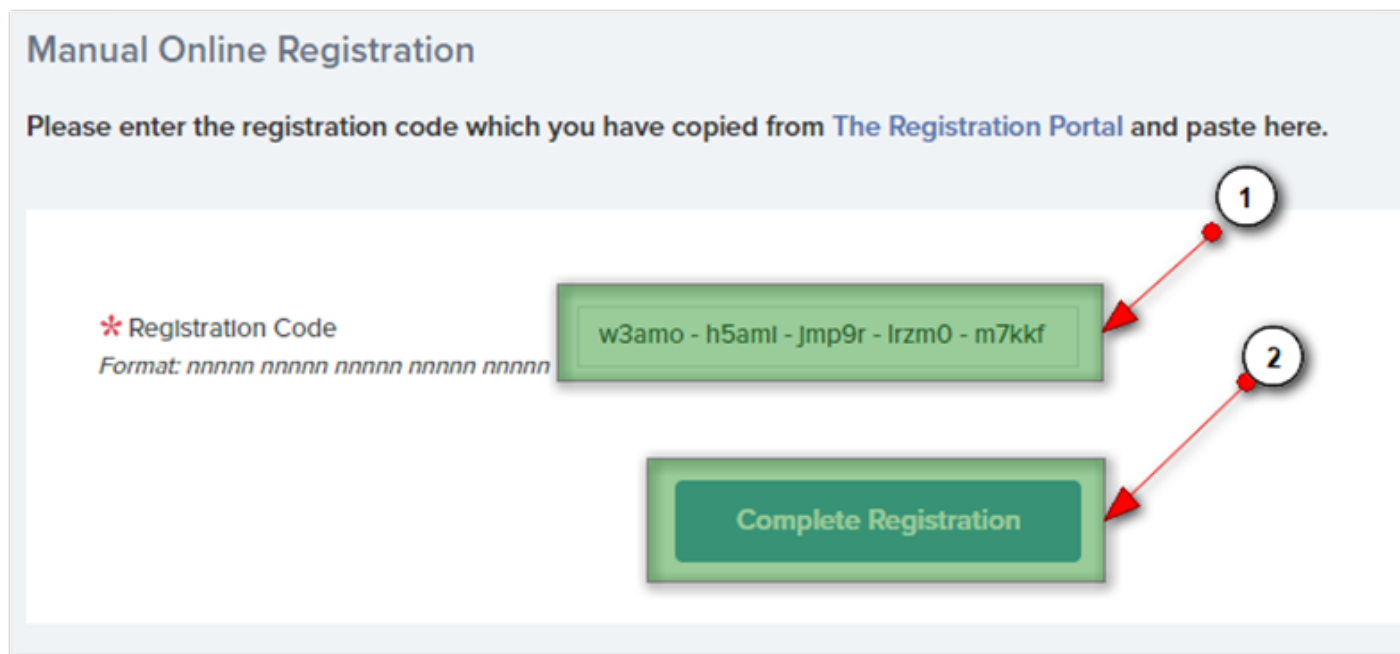

Highlight and copy the full registration code.

Go back to the **Register Online** tab.
Click on the “**click here**” link.

Paste the registration code and click **Complete Registration**.

Manual Online Registration

Please enter the registration code which you have copied from [The Registration Portal](#) and paste here.

* Registration Code
Format: nnnnnn nnnnnn nnnnnn nnnnnn nnnnnn

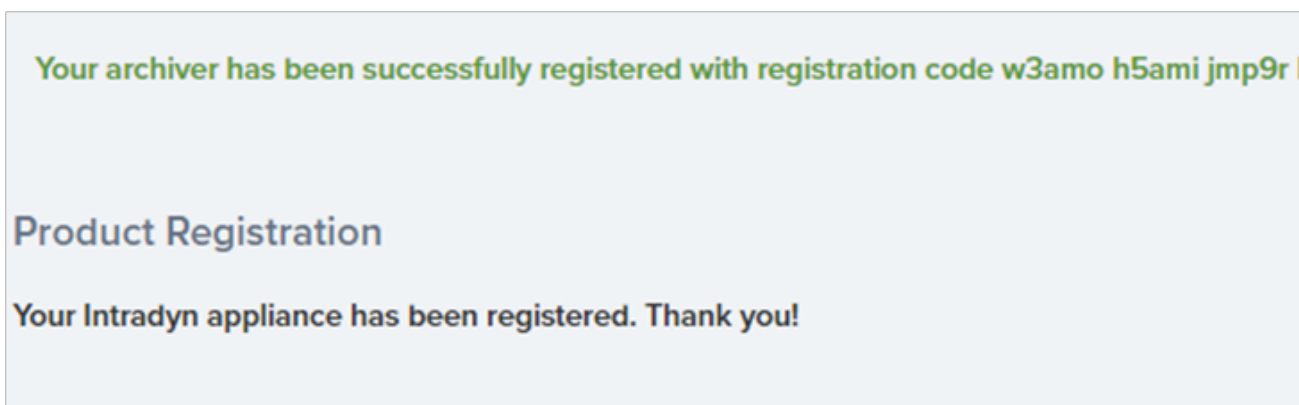

1

w3amo - h5ami - jmp9r - lrzm0 - m7kkf

2

Complete Registration

Once completed, you will see a green success message indicating that the **Product Registration** was successful.

Your archiver has been successfully registered with registration code w3amo h5ami jmp9r l

Product Registration

Your Intradyn appliance has been registered. Thank you!

Once your product has been successfully registered, you have completed the install and deployment of the Intradyn Email Archiver for the Microsoft Hyper-V platform.
